funded AGDI initiative
in Gujarat, India.**

**Engaged with 1,250+
students across 18 colleges.**

Our Vision as Domain Allocator

01

Support impactful projects

Focus on real-world problems, not just ideas on paper.

02

Plan adoption and retention post grant

Help protocols sustain growth beyond initial funding.

03

Foster innovation

Back solutions in emerging areas like RWA, AI, and DePIN.

Our Approach

Conduct rigorous due diligence to ensure genuine and capable teams.

Actively monitor milestones and provide continuous feedback.

Guide teams to plan post-grant strategies to drive user adoption.

Share insights from our research done till now to avoid common pitfalls.

Why Vote for Us?

Proven track record in governance
and research

Hands-on approach to mentoring
and supporting projects

Commitment to transparency and
long-term value creation

Compatible with Ethereum tooling
and smart contracts

Lets Build Together!

Vote for Euphoria & Lampros DAO
as Domain Allocator
